

Unit 3, Reading and critical thinking, exercise 4

Now I'm in the Game Zone. It's the place to be for video games fans. Lots of fans are here and they're having a great time! They're playing this year's new games. More from Comic Con later!

Comic Con is a great place to see actors, artists and other stars. A lot of fans are getting autographs and you can take a photo with your hero.

I'm now in Artists' Alley. People are buying comics and watching their favourite artists at work. What's this man doing? He's drawing a comic – it's really interesting to watch him draw.

A man on the stage has got a hat on and he's wearing striped blue tights. His face is completely white and his hair is orange! Another great costume – he's the Mad Hatter from Alice in Wonderland. Fantastic!

I can see some amazing costumes. One man is wearing an enormous green top and brown trousers – wait – he's turning round. He's the Hulk!

The doors are opening now and hundreds of people are coming through the doors. The organisers are telling people to go slowly but the fans aren't listening. They all want to get in. So many people!

The day's just starting but already a lot of people are waiting to get in. Hundreds of Comic Con fans are arriving and some of them are wearing amazing costumes. Everyone's very excited.
